Subject of this license is web software "**Color Scheme Generator 3**", including the master HTML document, and Javascript codes, CSS documents and image files linked within the master document ("the software").

**The software is licensed to vBulletin Solutions, Inc.** ("the licensee"). The author grants to the licensee the following rights to the software under a non-exclusive, worldwide, perpetual, fully paid up, and irrevocable license:

- The licensee is allowed to distribute this software for both commercial and non-commercial use. The licensee is allowed to use the software only as a utility in another product of licensee, and not as its own product because that would directly compete with the author, which is not the intent of the parties. The author shall not be entitled to any revenue that licensee may earn in commercializing licensee's products, including any products or derivative works which incorporate the software. Such revenues shall belong solely to the licensee.
- The licensee is allowed to distribute this software as a part of a web application, using HTML, Javascript and CSS technologies. Distribution as a binary executable code is not allowed.
- The licensee is allowed to modify the software in a way that must not allow the software to produce color combinations the original software cannot produce.
- The licensee is allowed to restrict or deny the redistribution of parts of the software modified by themselves.

Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:

- Redistributions of source code must retain the above copyright notice, this list of conditions and the following disclaimer.
- Redistributions in binary form must reproduce the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution.
- Any commercial use of this software is not allowed unless an exemption was granted by both the author and the licensee.

**Disclaimer:** This software is provided by the author "as is" and any express or implied warranties, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose are disclaimed. In no event shall the author be liable for any direct, indirect, incidental, special, exemplary, or consequential damages (including, but not limited to, procurement of substitute goods or services; loss of use, data, or profits; or business interruption) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of this software, even if advised of the possibility of such damage.
